CS for All RPP Proposal Resubmission
PROJECT AIMS/ACTIVITIES

1. **Succinctly restate the problem of practice you intend to address.**

2. **Succinctly describe the target audience for your project.**

3. **Referencing the research literature, your experiences, and/or other data sources, what do you/don't you know about how your target audience is experiencing inequity in CS education?**

4. **What intellectual, cultural, and emotional resources/assets does your target audience have that can serve as building blocks for how you engage them in CS?**

5. **What are the range of activities you plan to undertake to address the problem of equity in CS education for your target audience?**

6. **What will success look like in your project?**
